INDIAN COUNCIL FOR RESEARCH ON INTERNATIONAL ECONOMIC RELATIONS
For the Year Ended March 31, 2022

NOTE- 11: SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

(A) GENERAL INFORMATION

Indian Council for Research on International Economic Relations (ICRIER), having its registered office in New Delhi, was established on 18.08.1981 as a Society under the Societies Registration Act, 1860. Research is the prime academic activity and ICRIER combines expertise of in-house teams with the experience and skill of external collaborators.

The Society is registered under section 10(23C)(iv) and 80G of the Income Tax Act, 1961. It is also registered under the Foreign Contribution Regulation Act, 2010. The renewal of the FCRA registration is pending to be approved with the relevant authorities.

(B) SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Preparation of Financial Statements:

The financial statements that comprise of the Balance Sheet, Statement of Income and Expenditure together with Notes, are prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with applicable Accounting Standards issued by The Institute of Chartered Accountants of India. The financial statements are prepared under the historical cost convention on going concern basis using accrual method unless otherwise stated. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year, unless otherwise stated.

2. Use of Estimates:

- i) The preparation of financial statements is in conformity with Indian GAAP which requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods.
- ii) The Society has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables. The Society has assessed the carrying amounts based on subsequent events and the state of the business operations during the period of the pandemic and related information including economic forecasts. As a result of this assessment, and based on current estimates, the Society expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the Society's financial statements may differ from that estimated as at the date of approval of these financial statements.

NOTE- 11: SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

3. Fixed Assets:

Fixed assets purchased out of fund received from foreign granters have been treated as part of utilization as per grant agreement.

4. Revenue Recognition:

The revenue is recognized as follows:

(i) Funds Received for specified projects / activities

The Society receives funds from foreign sources, which are restricted in nature with regard to its utilization as per fund provider's agreements and are recognized/ accounted for when there is reasonable certainty of their ultimate collection. In case of ongoing projects, for which grants were received also for the next period, have been carried forward as a liability to be recognized as Income for the corresponding period.

(ii) Interest income from banks on fixed deposits (Investments) is recognized on the basis of proportionate lapse of time as applied to the amount outstanding and rate applicable. Other interest is recognized as and when received.

(iii) Other income is accounted for as and when accrued.

5. Employee Benefits:

a) Short-Term Employee Benefits:

Short-term employee benefits including salaries, social security contributions and non-monetary benefits (such as medical care) for current employees are estimated and measured on an undiscounted basis.

b) Defined Benefit Plan:

The employee's gratuity scheme is the Organization's defined benefit plan. The Gratuity liability payable under the payment of Gratuity Act, 1972, provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and tenure of employment. The liability to pay arises once an employee completes five years of uninterrupted service in the organization. It is paid/payable to employee at the time of retirement/resignation or on death to his dependents. Organization's accrued liability towards contribution to gratuity is on the basis of actuarial valuation.

ICRIER has voluntarily applied Accounting Standard-15 on Employee Benefits which mandates that wherever applicable, the present value of the obligation under such defined benefit plans is to be determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. Actuarial gains and losses are to be recognized immediately in the Profit & Loss Account. Gains or losses on the curtailment or settlement of any defined benefit plan are recognized when the curtailment or settlement occurs. Past service cost is to be recognized as an expense on a straight-line basis over the average period until the benefits become vested.
