

ICRIER invites applications for the position of a Research Assistant for the Trade, Investment and External Relations (TIER)

The Indian Council for Research on International Economic Relations (ICRIER) is inviting applications for the position of a Research Assistant for their Trade, Investment and External Relations (TIER) team. We are looking for a bright, motivated and enthusiastic candidate interested in engaging with areas of manufacturing and international trade research.

Qualifications

Candidates with Post-graduate/Master's degree in Economics are encouraged to apply. Candidates with a strong analytical background in the field of macroeconomics particularly in international trade and FDI, along with experience in or inclination towards policy work, are encouraged to apply.

Job Description

Research Assistants are expected to contribute to research projects and research related activities of the team including activities such as data collection and statistical analysis, literature review, regulatory benchmarking, report writing, etc. They will also assist in creating and managing databases, organizing events and stakeholder consultations as per the requirement of different research projects. Knowledge and experience of both qualitative and quantitative research methods and familiarity with interdisciplinary research methodologies will be necessary. Prior knowledge and research experience on international trade issues would be a plus. Fluency in oral and written English will be welcome.

Please send your applications to **Sonia Chopra (schopra@icrier.res.in)** with subject title Research Assistant Application - ICRIER-TIER with the following:

1. A cover letter expressing interest in international trade based policy work
2. Curriculum Vitae
3. Contact details of 2 referees
4. Brief Writing Sample (Maximum 1000 words)

Shortlisted candidates will be contacted for an interview.

Last date of application is September 22, 2021
