

## **ICRIER invites applications for the position of a Fellow for the Digital Economy, Start Up and Innovation Team (DESI)**

The Indian Council for Research on International Economic Relations (ICRIER), an independent and non-profit economic think tank based in Delhi, is inviting applications for the position of a Fellow (equivalent to Assistant Professor position in academia) for their Digital Economy, Start Up and Innovation (DESI) team. ICRIER, whose mission is to 'link India with the world,' is one of the premier economic think tanks in India and a thought leader in several inter-disciplinary reach areas. As part of our expansion of the DESI team, we are looking for a bright, motivated and enthusiastic candidate interested in engaging with areas of technology and telecom policy research.

### **Qualifications**

Candidates with a PhD degree in economics or public policy are encouraged to apply. Candidates with a Master's degree and at least seven years of research or teaching experience may also apply. Candidates from different disciplinary backgrounds with commensurate experience in policy work can also apply.

### **Job Description**

The selected candidate is expected to carry out independent research and publish policy briefs, papers and reports in digital economy and telecom space. It is desirable for the person to have at least 3 publications in good quality journals and author or co-author books/ book chapters. The person must also assist in writing proposals and raise funding. Knowledge and experience of both qualitative and quantitative research methods and familiarity with interdisciplinary research methodologies will be necessary. Prior experience in research and policy engagement on internet and telecom area would be an advantage. Excellent written and presentation skills are highly desired. The selected candidate will also be required to organise roundtables, seminar and other outreach events.

Please send your applications to **Ms. Sonia Chopra (schopra@icrier.res.in)** with the subject title Fellow Application - ICRIER-DESI with the following:

1. Curriculum Vitae
2. Contact details of 2 referees
3. Soft Copy of a recent publication

Shortlisted candidates will be contacted for an interview.

**Last data of application is November 30<sup>th</sup>, 2021**
