# Dynamics of NAMA - NTB Negotiations in the Doha Round

Agneshwar Sen, Jt.DGFT ICRIER, New Delhi 26 July 2010

# Definition:

- There is no agreed definition at the WTO
- Non-tariff barriers include, in principle, all measures other than tariffs used to protect a domestic industry
- The term normally refers to "government imposed" or "government sponsored" measures, other than tariffs

- Non-tariff Measure vs. Non-tariff Barrier
- Many of the NTBs are measures imposed for legitimate objectives and <u>can</u> be introduced in a WTO consistent manner (e.g. measures to protect the environment, SPS, TBT, national security, etc.)
- But, Member needs to follow specific provisions to ensure WTO compatibility
- Some NTBs are not compatible with the multilateral trading rules and are not based on a legitimate goal (Protectionism!)
- Negotiations are to clarify the "grey areas"

# Reasons for negotiating NTBs include:

 To ensure that tariff commitments are not eluded or undermined

To limit trade disputes between Members

 To minimize the trade distorting effects of a legitimate measure

- 1967/69 Inventory of NTBs: Aprox. 800 NTBs notified and classified in 5 broad categories (COM.IND/4+6)
- <u>Tokyo Round:</u> Inventory was continued and improved for both agricultural (MTN/3E/DOC/5-10) and industrial products (MTN/3B/1-5).
   NTBs on products of interest to developing countries were also identified (MTN/3B/16 and COM.TD/W/203/Rev.1).
- 1979/81 Decision to update NTB inventory Aprox. 1000 out of 1400 NTBs were retained after the revision (See L/5118)
- Uruguay Round: A Negotiating Group on Non-Tariff Measures
  was created (MTN.GNG/NG2 series). Proposals were compiled and
  classified by the Secretariat (MTN.GNG/NG2/W/19+Rev.1). Results
  include several Agreements plus Part III of the Schedules

# What has been the process for negotiating NTBs in the DDA?

# Doha mandate on NTBs:

"16. We agree to negotiations which shall aim, by modalities to be agreed, to reduce or as appropriate eliminate tariffs, including the reduction or elimination of tariff peaks, high tariffs, and tariff escalation, as well as non-tariff barriers, in particular on products of export interest to developing countries."

# NAMA – NTBs: Sequence of main events

**2002/2003** → Generic proposals by Participants

<u>Apr. 2003</u> → Overview of neg. proposals submitted, NTBs (TN/MA/9)

Jan. 2003 → 1st Notification exercise (TN/M/W/25 and addenda)

<u>Aug. 2003</u> → Chair's Draft Elements for Modalities, including NTBs

Oct. 2003 → 2nd Notification exercise (TN/M/W/46 and addenda)

2004/2005 → Review and classification of notifications (JOB(04)/62/Rev.3) Where should the notified NTBs be negotiated?

# **Hong Kong Ministerial Declaration**

22. We note that the Negotiating Group has made progress in the identification, categorization and examination of notified NTBs. We also take note that Members are developing bilateral, vertical and horizontal approaches to the NTB negotiations, and that some of the NTBs are being addressed in other fora including other Negotiating Groups. We recognize the need for specific negotiating proposals and encourage participants to make such submissions as quickly as possible.

2006/2007 → 13 vertical and horizontal proposals were submitted by Participants (many TBT related); some have more support than others. Bilateral requests were also made (TN/MA/NTR/)

2008 → Should NTB negotiations finish with the modalities or afterwards? If afterwards, then how? (TN/MA/W/103/Rev.3 P. 23-26)

<u>2009</u> → Intensive technical work

# December 2008 text (TN/MA/W/103/Rev.3)

- ❖ Text based negotiations should continue on proposals after modalities are established. Seven "merit particular attention"
- ❖ Aim is to finalize discussions on proposals as early as possible for their inclusion in any final package in NAMA
- ❖ Members should pay attention to any systemic or cross-cutting issues, including those relating to the TBT Agreement, that may arise from these proposals
- ❖ Negotiations on bilateral requests should proceed in tandem. Need to multilateralize the outcomes through inter alia incorporating them where appropriate into Part III of the schedules

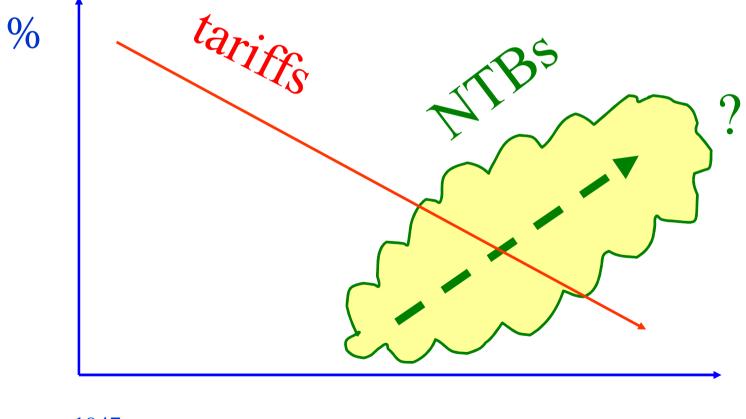

# So, how will the NTBs be "reduced" or "eliminated"?

- Some raised in other WTO bodies
- Some raised in other Negotiating Groups (e.g. NG TF and NG Rules)
- Some negotiated in sectoral ("vertical") discussions
- Some negotiated in "horizontal" discussions
- Some raised bilaterally; eventually multilateralized (e.g. Part III of Schedules)
- Some could be subject to the DSU
- There is no magic bullet!!!!

# India's Imperatives

 Political necessity to have a robust outcome on NTBs (in developed countries!) to balance tariff reduction

1947

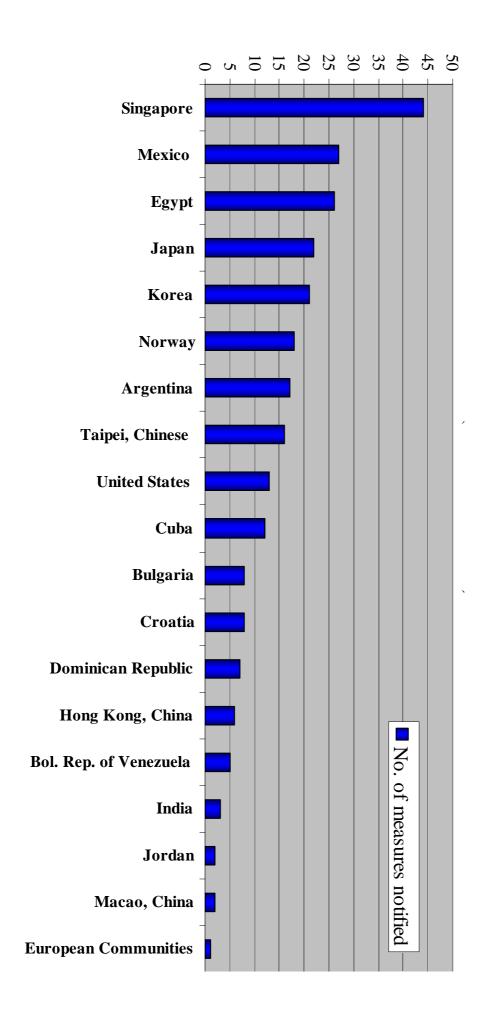

2009

 As India develops and export basket expands – need to have in place a conducive trading regime.

 To try and address problems in NTM related Agreements not under DDA, based on experience since 1995.

• To address specific NTBs faced, largely in the fisheries and chemicals sectors.

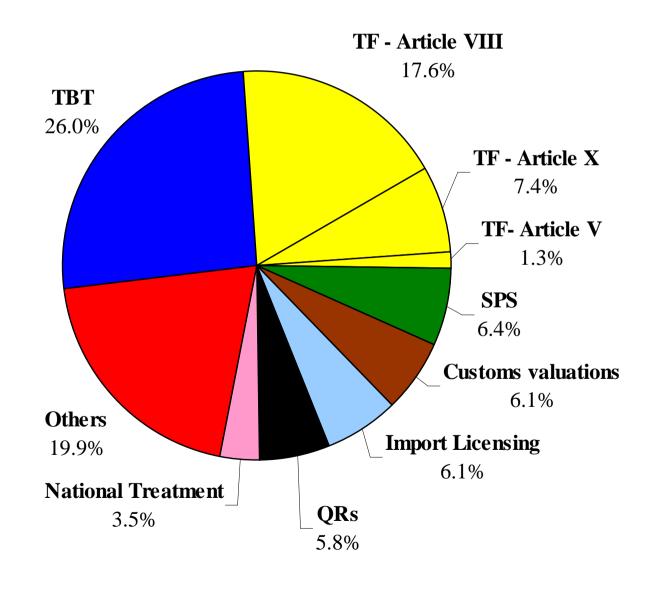

# NTBs Notified and Negotiated

# NAMA NTBs Inventory (TN/MA/W/46 series ) Which Members made a notification?

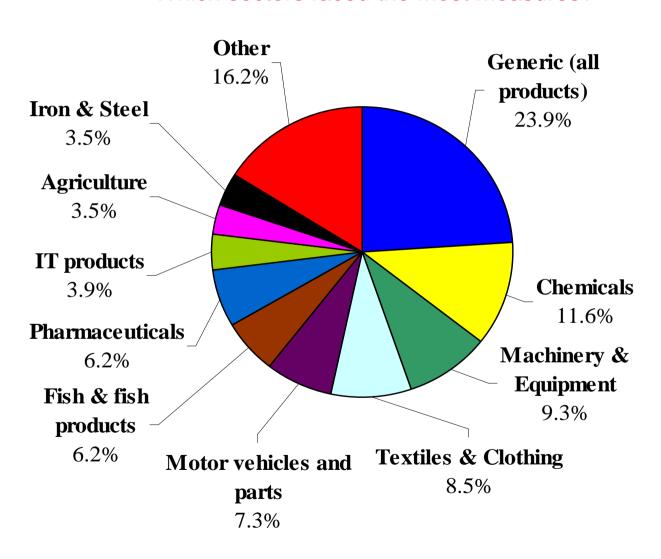

# NAMA NTBs Inventory (TN/MA/W/46 series )

What type of measures were notified?

# NAMA NTBs Inventory (TN/MA/W/46 series )

Which sectors faced the most measures?

D. NTB Proposals

# Remanufactured Goods – Japan, Switzerland, United States

Name of the proposal: Ministerial Decision on Trade in Remanufactured

Goods

Document reference(s): TN/MA/W/18/Add.16/Rev.3 (09.09.2009)

Sponsor(s): Japan, Switzerland and the United States

Summary: Establish that each Member's trade regime should

evolve in a manner that enhances market access. opportunities for remanufactured goods; establish a review program under the auspices of the CTG to

review NTBs affecting the sector.

Issues/questions raised Definitional issue: i.e. what is a remanufactured good? by other Members: Is it different from a "used", "refurbished" or "recycled"

good?

Why is a Ministerial Decision required to launch a work

programme in the CTG?

### Horizontal Mechanism – African Group, Canada, EU, LDCs, NAMA-11, NZ, Norway, Pakistan, CH

Name of the proposal: Ministerial Decision on Procedures for the

**Facilitation of Solutions to Non-Tariff Barriers** 

(a.k.a. the "Horizontal Mechanism")

Document reference(s): TN/MA/W/106/Rev.1 (03.02.2010)

Sponsor(s): African Group, Canada, European Union, LDC Group,

NAMA-11, New Zealand, Norway, Pakistan and

Switzerland

Summary: Seeks to introduce a procedure for a non-binding, non-

legal, mutually agreed, solution through a facilitator

Issues/questions raised • "Committee first" issue

by other Members:

Relationship with the DSU proceedings,

Confidentiality of information

Selection of the facilitator

Third parties

•Scope (which measures?)

Cost and transparency

### Textiles, Clothing, Footwear and Travel Goods – EU, Mauritius, Sri Lanka, Ukraine, US

Name of the proposal: Understanding on the Interpretation of the

Agreement on Technical Barriers to Trade with

respect to the Labelling of Textiles, Clothing,

**Footwear, and Travel Goods** 

**Document** TN/MA/W/93/Rev.1 and Add.1 (15.09.2009)

reference(s):

Sponsor(s): European Communities, Mauritius, Sri Lanka, Ukraine,

and the United States

**Summary:** Encourages the harmonization of information

requirements on labels (permanent vs. non-

permanent) by calling for greater transparency; ensure

Members and stakeholders are afforded meaningful

opportunities to participate in rule-making process.

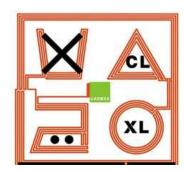

Issues/questions raised by other Members:

**Issues/questions** •Sounds like standard-setting

raised by other • Which information should go where

**Members:** •Relationship with TBT Agreement

• "Rebutable presumption"

### Electronics – EU

Name of the proposal: Understanding on the Interpretation of the

**Agreement on Technical Barriers to Trade as** 

**Applied to Trade in Electronics** 

**Document reference(s):** TN/MA/W/129 (07.12.2009)

Sponsor(s): European Union

**Summary:** Establish rules concerning the conformity assessment of

1) safety of electrical equipment and

2) electromagnetic compliance (EMC);

Favour supplier declaration of conformity (SDOC) and/or

assurance of conformity; laboratory accreditation

by other Members: subject

**Issues/questions raised** •Should try to merge with the US proposal on the same

 Not sure developing countries can apply SDOC due to lack of a post-market surveillance system

### **Electronic Goods - US**

Name of the proposal: Agreement on Non-Tariff Barriers Pertaining to the

**Electrical Safety and Electromagnetic** 

**Compatibility (EMC) of Electronic Goods** 

**Document** TN/MA/W/105/Rev.2 (15.09.2009)

reference(s):

**Sponsor(s):** United States

**Summary:** Electrical safety and electromagnetic compliance

(EMC) of electronic goods; elaborate further on some disciplines of the TBT agreement; recommendation by

the TBT Committee; transparency provisions;

conformity assessment (test results, SDOC, 3rd party).

raised by other subject

**Issues/questions** •Should try to merge with the EC proposal on the same

**Members:** •Relationship with the TBT Agreement

### **Automotive Products - EU**

Name of the proposal: Agreement on Non-Tariff Barriers Pertaining to

Standards, Technical Regulations, and Conformity **Assessment Procedures for Automotive Products** 

**Document** TN/MA/W/118/Rev.1 (04.12.2009)

reference(s):

Sponsor(s): European Union

**Summary:** Modified version of the US proposal which aims at

bridging systemic differences between regulatory systems based on "self-certification" and systems based on "type-approval". Recognize work of the

World Forum for the Harmonisation of Vehicle Regulations (WP.29), within the framework of

(UNECE).

raised by other subject

**Issues/questions** •Should try to merge with the US proposal on the same

**Members:** •Relationship with the TBT

Agreement

### **Automotive Products - US**

Name of the proposal: Agreement on Non-Tariff Barriers Pertaining to

Standards, Technical Regulations, and Conformity Assessment Procedures for Automotive Products

**Document** TN/MA/W/120 (15.09.2009)

reference(s):

**Sponsor(s):** United States

**Summary:** Define in more specific terms the provisions of the TBT

Agreement in respect of good regulatory practices,

technical regulations, conformity assessment,

transparency provisions and testing.

Issues/questions •Should try to merge with the EC proposal on the same

raised by other subject

**Members:** •Relationship with the TBT Agreement

# Chemicals – Argentina and Brazil

Name of the proposal: Negotiating Proposal on Non-Tariff Barriers in the

**Chemical Products and Substances Sector** 

**Document** TN/MA/W/135 (04.02.2010)

reference(s):

Sponsor(s): Argentina and Brazil

**Summary:** Solve issues relating to labelling, conformity

assessment, registration and laboratory accreditation

**Issues/questions** •Relationship with the TBT Agreement

raised by other •Product coverage

Members:

### **Chemicals - EU**

Name of the proposal: Understanding on Non-Tariff Barriers Pertaining to

**Standards Technical Regulations, and Conformity** 

**Assessment Procedures for Chemicals** 

**Document** 

TN/MA/W/137 (18.03.2010) reference(s):

**Sponsor(s):** European Union

**Summary:** Solve issues relating to labelling, conformity

assessment, registration and laboratory accreditation

**Issues/questions** 

raised by other Relationship with the TBT Agreement Product

Members: coverage

## Industry-specific NTB Proposals – Brazil, EU, India

Name of the proposal: Framework for Industry-specific NTB Proposals

**Document** TN/MA/W/136 (15.03.2010)

reference(s):

Sponsor(s): Brazil, European Union, India

**Summary:** Establish a framework structure for the industry-

specific NTB proposals that relate to the TBT

agreement in order to allow for the catering of cross-

cutting elements and allowing for inclusion of the industry-specific rules (i.e. a sort of "cupboard" to

include the other TBT-related proposals)

**Issues/questions** Unclear relationship with TBT-related proposals on the raised by other table

Members:

Thank you!
