Newsletter

April 2022

The April 2022 issue of the Newsletter provides a quick recap of ICRIER's research and policy engagements during the month of March 2022.

ICRIER released report titled, 'MSMEs Go Digital: Leveraging Technology to Sustain during the Covid-19 Crisis'. Ahead of woman's day, we published a policy brief on 'Women and Trade: Towards an Enabling Ecosystem in India'. Both our publications received good response.

Last month we organised a webinar on the topic, 'India-Japan Partnership Towards Resilient Supply Chains' and the 10th ICRIER-PRI Workshop on 'Policy Responses to COVID19 in India and Japan and Prospects for Economic Cooperation Going Ahead'. Both the discussions were well-attended.

Our media articles during the last month covered a wide range of topics including the state of the economy, agriculture, international trade, MSMEs, and climate change.

To help us customize the information we share with our readers and reduce the number of announcements from us, we request you to select the themes that are of most interest to you by clicking on the [subscribe](#) button.
