Newsletter

January 2023

On behalf of the entire team at ICRIER, I would like to extend my warm wishes to our readers for a happy, healthy and successful 2023!

We are pleased to share that our website has been revamped and we welcome comments and suggestions on the new interface - www.icrier.org

ICRIER hosted the [22nd Annual Neemrana Conference](#) on December 15-17, 2022 at the Neemrana-Fort Palace, Rajasthan, after two years of Covid-related hiatus. The conference was held in hybrid format. We also hosted a webinar on 'Regional Connectivity'. The events were very well-attended.

We released a working paper titled, 'Creative India: Tapping the Full Potential' and a Policy Brief on 'Digital Financial Inclusion and Literacy from a G20 Perspective' – both in partnership with ADBI. Our publications received good responses.

Our media articles during the last month covered a wide range of topics including G20 issues, futuristic technologies, agriculture, international trade, the power sector.

Notes: January 2023 issue of the Newsletter provides a quick recap of ICRIER's research and policy engagements during the month of December 2022.

To help us customize the information we share with our readers and reduce the number of announcements from us, we request you to select the themes that are of most interest to you by clicking on the [subscribe](#) button.
