

## VACANCY ANNOUNCEMENT

### **ICRIER's Research Program on *Drug Regulatory Reforms in India***

The Indian Council for Research on International Economic Relations (ICRIER)\* is starting a three-year research program from July 2014 on Drug Regulatory Reforms in India, and is inviting applications from experienced researchers for the following positions:

1. Senior Consultants – 2 positions
2. Research Assistants / Associates – 2 positions

For Year 1, the topics are:

1. Administrative structure and functions of drug regulatory authorities in India
2. Drug quality and safety

Both papers will be based on desk as well as national and international field research. All papers will come up with actionable policy recommendations towards the end.

Interested candidates should email their CV and cover letter, highlighting their relevant work, at **amehdi@icrier.res.in**, at the earliest, but not later than **July 9, 2014**. Only those with relevant experience will be considered. Remuneration will be based on the same.

\* For further information on ICRIER, kindly visit **www.icrier.org**.
